of us to write to our Representatives and Senators requesting one of two things pertaining to health care:

1.) that Congress extends the exact medical care/hospital/drug coverage they receive to all of us [they have excellent plans with almost no exclusions] or

2.) they agree to accept fully whatever programs they develop for us. Members of Congress should remember they are responsible to us.

This is the time to express our views to our duly elected officials. Let's start a letter writing campaign now before it's too late.

What Is Wrong With This Picture?

Clearly endangering everyone. Obvious signage indicates this street as a one way street, yet this white Cadillac SUV is facing the wrong direction and jeopardizing the safety of pedestrians as well as motorists

If a police officer was going to give a ticket, they would ticket the driver with a hefty fine and receive three points on their license.

Challenging weather is one thing, but drivers need to drive safe.
