

Shed The Meds At Shelter Rock Elementary School

On Saturday, Sept. 19, a Shed the Meds collection program was held at Shelter Rock School in Manhasset. This Shed the Meds program was sponsored by State Senator Jack M. Martins in partnership with the Manhasset Community Coalition Against Substance Abuse (CASA) and the Nassau County Police Department. The program, one of many held throughout the year in Nassau County, helps residents safely dispose of unused or expired medications.

Christopher Schneider, director of communications for Senator Martins, reported that business was "brisk" and that a total of over 700 pounds of medications were dropped off by over 150 residents. All collected medication will be safely disposed of by officers from the Nassau County Police Department.

Improper disposal of medications, such as pouring them down sink drains or flushing them down toilets, can potentially pollute local waterways and the drinking water supply.

Safe disposal of unwanted medications helps protect the environment and in addition eliminates the risk of the drugs getting into the hands of small children or those who

might misuse them. Residents who would like information about future Shed the Meds collection programs can call Senator Martins' office at 516-746-5924.

GET IN THE KNOW! MEET THE INSPECTOR.

Join us for the first of a series of events targeted at educating both buyers and sellers as to how to be well informed on a variety of topics that impact you when dealing in real estate transactions.

In the "Meet the Inspector" seminar, we will explain what licensed home inspectors typically look for when examining a property as well as what you may want to do pro-actively to address. The Home Inspector will answer your questions as well.
