

Cablecast Of Understanding Marijuana Today

PATV will cablecast a new program from the Manhasset Coalition Against Substance Abuse (CASA) in the Prevention through Connection series in May on Wednesdays at 2 p.m. on PATV channels 20 (Optimum) and 37 (Fios); streaming on www.patv.org/livestream "Understanding Marijuana Today" and will also available at www.manhassetcasa.org.

PATV has partnered with Manhasset CASA since January 2015 by broadcasting their parent and teen substance abuse prevention education programs to the residents

Dr. Kevin Sabet

of Manhasset and the North Shore of Long Island. This collaboration promotes not only the goals and objectives of both nonprofit corporations, but more importantly, provides parents and caregivers access to important information regarding youth substance abuse prevention, parenting and child development that can assist families in their efforts to raise healthy children.

"Understanding Marijuana Today" was held at the Manhasset Public Library and features Dr. Kevin Sabet, consultant and past advisor on drug

policy to three U.S. presidential administrations. Currently serving as the director of Project SAM (Smart Approaches to Marijuana), which he founded with former Congressman Patrick J. Kennedy. Dr. Sabet is also the author of *Reefer Sanity: Seven Great Myths about Marijuana*.
