

Student Art "A Continuum of Art Making"

The Manhasset School District art department is putting the finishing touches on its first major gallery exhibit entitled "A Continuum of Art Making." The exhibit marks the gala opening of the Gallery of Fine Art at Manhasset Secondary School, which will be held on Friday, Sept. 25, at 7:30 p.m. in the secondary school lobby.

Featured in this exhibit will be works by Manhasset students in grades kindergarten to grade 12. Each

work has been carefully selected as an age-appropriate representation of the creative and developmental process as envisioned in the visual arts program at Manhasset Public Schools. The exhibit will culminate in a display of paintings in the gallery by professional artist and Manhasset graduate James Viscardi (www.jamesviscardi.com). The presentation of Viscardi's work within the context of the overall exhibit completes the cycle of authenticity,

All interested community members are welcome to attend the opening on Sept. 25 at 7:30 p.m. in the secondary school lobby.
